Register on: <https://www.hope.ac.uk/opendays/>

Ulster University's 'Embracing Talent' Employability Course is targeted at Key Stage 4/5 students and will help to develop a wide range of skills needed for the workplace and will also help to prepare students for university and the world of work! Embracing Talent will not only outline which skills employers are seeking but will also show students how they can develop these skills.

Register on: <http://www.s4snextgen.org/Opportunities/View/id/2107>

Another exciting opportunity is a Virtual insight Day at George Best Belfast City Airport. Having been named as the UK and Ireland's most convenient airport, this workshop will be an opportunity for students to get a look at careers at the airport. Our pupils will have a chance to meet industry professionals and to learn about careers at an airport.
