

Enniskillen Royal Grammar School - CEIAG Bulletin

Week Beginning Monday 18th October 2021

Virtual Open Evening about the new and exciting **MEGA Degree Apprenticeship** in conjunction with **Ulster University** on **Thursday, 4 November** at 8pm. This programme (which includes Robotics, Automation, Digitisation - skills for the future!) is a first for NI and the Earn-while-you-Learn model means that students will gain a full Level 6 Hons **Degree in Manufacturing and Engineering** without debt!

University of Edinburgh School of Engineering will be hosting a series of online talks with the chance to ask questions about the types of engineering offered at Edinburgh and what life as an engineering student is like. These talks are suitable for all pupils considering applying to university to do a science, engineering or maths degree this year or next. The talks will run from 5pm to 6pm on the following dates:

- Chemical Engineering: 18, 26 October, & 3 November
- Civil Engineering: 21, 25 October, & 2 November
- Electronics and Electrical Engineering: 19, 27 October, & 4 November
- Mechanical Engineering: 20, 28 October, & 1 November

Farrans – Thursday 18 November 2021 - Are you interested in a career in construction? Unsure of the many roles available and would like to speak to those who work in the industry? Farrans **Construction** has just the opportunity for you! They are hosting a virtual work experience programme (3 x ½ days), to provide you with an insight to all sides of the business from working on the ground to behind the scenes.

Register on: <https://www.s4snextgen.org/Opportunities/View/id/2277>

QUB Centre for Public Health – Monday 29 November 2021 - Want to find out more about a career in public health science and research? This event will be chaired by a group of researchers and clinicians from a range of professional backgrounds who work in the Centre for Public Health in Queen's University Belfast. You will hear about what it's like to work in areas such as **Ophthalmology, Urban Environments & Physical Activity, Maternal & Child Health, and Mental Health**.

Register on: <https://www.s4snextgen.org/Opportunities/View/id/2207>

Applications are now open for 2022 programmes at The **Lir Academy**. BA programmes are accredited by Trinity College Dublin, however they are not part of the CAO points race. The Lir Academy is synonymous with professional training in **acting, voice, movement, stage management, stage construction, scenic art, lighting, sound, costume, playwriting, theatre directing and stage design**.
