

Enniskillen Royal Grammar School – CEIAG BULLETIN **Week Beginning Monday 13th March 2023**

Northern Ireland Water Apprenticeship Opportunities

Apprenticeship opportunities within the Water Utilities Academy and Higher Lever Apprenticeship roles within Science, Engineering, ICT and Commercial. Northern Ireland Water are hosting an Open Evening on **Tuesday the 14th March** to provide more information and an opportunity to ask questions.

Please see the attached flyer for more details on how to apply.

Get an apprenticeship that matters

NI Water Apprentice Academy is recruiting once again

We've got awesome opportunities to offer this year and are looking for cool people to join us in the following areas:

Apprentices

- Water Utility Operations

Higher Level Apprentices

- ICT Telemetry
- Laboratory Scientific Analysis
- Construction Engineering Project Management
- Commercial Contract Analysis

Successful candidates will get world class training and hands on experience in areas of innovation that are making a real difference to Northern Ireland's future. You will also get your qualifications debt free and receive great pay from day one that only goes up - oh, and a guaranteed job at the end of it all. We'll even throw in subsidised driving lessons just to sweeten the deal.

Sound good to you? Be part of it and help build tomorrow's future today. Now that's worth a click surely!

Applications are open until 10am Friday 24th March. Want to know more? Come along to our graduate and apprentice virtual open evening on Tuesday 14th March - [click here](#) to register.

APPLY NOW

Applications are now open for the following two programmes at PwC:

[Virtual Insight Programme](#) (for Year 12 & 13 students in NI)

Students will have the chance to learn about different PwC business areas, PwC culture and ways that you can join the company through interactive sessions over three days. Students will receive guidance and top tips on the application process and support building your skill set to prepare you for the workplace. [Apply here.](#)

[Career Launch Work Experience programme](#) in Belfast (for Year 13 students in NI)

Students will spend five days in PwC offices, meeting PwC people, building employability skills and finding out what it would be like to work at PwC. PwC will pay a salary to the student during the programme in addition to covering travel expenses and lunch. The best thing is that students have the opportunity to have application fast tracked for one of the PwC school leaver roles after the work experience. [Apply here.](#)

Cambridge University - Virtual Pre-University Summer Programme is now open for student bookings. They will be offering two entry points:

Option 1: Monday 3 July to Friday 14 July 2023

Option 2: Monday 24 July to Friday 4 August 2023

Aimed at 16- to 18-year-olds, this two-week programme provides students from across the globe with an opportunity to explore a wide variety of subjects as they prepare for future undergraduate study at leading universities.

The programme is taught largely through pre-recorded talks delivered by Cambridge academics and invited subject specialists, with the requirement for students to respond, on a daily basis, to many of these talks on a shared student forum. The programme also offers sessions on study skills, careers, and how to apply to a UK University. Live Zoom sessions will also give students the opportunity to talk to current Cambridge undergraduates, as well as the Programme Director, Dr James Grime. The programme provides students with a safe – and affordable – way to experience university-level material, to expand their horizons, and to question their own subject choice and motivation for study at a leading global institution. Each two-week programme is identical: students' book to study just one option. The cost of the programme is £295. To find out more please visit the website: www.ice.cam.ac.uk/pup

ATU Sports Scholarship Applications Are Open!

ATU Sports Scholarship applications are open. The ATU Sports Scholarship programme provides supports to talented student athletes to recognise their need to balance both sporting and academic commitments. Through both financial and non-financial benefits, the programme aims to reward students for their dedication and skill and provide them further opportunity to develop as students and sportspeople. The application is open to athletes across a huge variety of sports. For more information or to apply, please go to the [ATU Sports Scholarship Webpage](#)

University of Glasgow - Online Webinar designed for Year 13 Students with an interest in studying Geology and Chemistry - Wed, 22 March 2023, 14:15 – 15:00

In this session, Dr Iain Neill, Lecturer in Magmatic Processes from the School of Geographical & Earth Sciences at University of Glasgow, will highlight how geology will be of fundamental importance in this century, as we transition to the world of 'Net Zero' carbon.

Explore Your Options at SWC Get Engineering

Get Engineering is organised by SWC in conjunction with local employers and is perfect for those considering a career in engineering, as it provides the opportunity to meet **over 30 employers** from the advanced manufacturing and engineering industry, all of whom are actively recruiting for a wide range of jobs.

The Get Engineering Careers Fair will be taking place from **9:30am to 1:30pm on Saturday 25th March 2023**.

Considering a Career in Veterinary Nursing

CAFRE hope to de-bunk myths and give a real account of what this career entails and the pathway to succeed.

https://www.speakersforschools.org/youth_opportunities/animal-magic-so-you-want-to-be-a-veterinary-nurse-9-30am-12-00pm-ni-schools-only/

Leading accountancy and business advisory firm, BDO Northern Ireland, in conjunction with Queen's Management School, are hosting a 3-day Business Insight Programme for **Year 13** pupils who are considering applying for an accounting undergraduate degree or any other undergraduate degree programme offered by Queen's Management School.

The prestigious and exciting event is taking place on **14 -16th June 2023** and the closing date for applications is **16th March 2023**.

The Sentinus Research Academy gives students in Year 13 the opportunity to experience real research and development projects, hosted by local companies and organisations. Taking place from late June to end of August, projects are carried out virtually with some visits to project hosts' sites, where possible, and last 4 weeks. Projects will be supervised and validated by local universities and professional organisations. Subject areas covered by placements include: biomedical science; biochemistry; neuroscience; environmental biology; chemistry; quantitative social science; psychology; geography; engineering; astrophysics; maths; computer science/IT.

The Nuffield Research Placement programme are open for applications for 2023. This successful programme offers a variety of placement opportunities in the diverse area of STEM. Closing Date: **31st March 2023**. Places are limited so Apply Today and help increase your career prospects. Click [here](#) for further information.

Year 13 - Sutton Trust Summer School – Applications Open Now

The Sutton Trust Summer School in 2023 will take place from 7th until 11th August. This will involve some online sessions followed by a 3 night residential. The University of Glasgow joins 12 other leading UK universities in partnership with the Sutton Trust to offer a week-long summer school aimed at Year 13 pupils. The summer school provides students with an opportunity to learn more about university life. Successful applicants will attend academic sessions on a variety of subjects and hear from current undergraduate students about what studying at Glasgow is like. The summer school also provides an opportunity to meet other students with similar interests. They offer six different subject streams to match your academic interests: Arts & Humanities, Common Law, Engineering, Life Sciences, Medical Sciences and Social Sciences.
