

## **Enniskillen Royal Grammar School – CEIAG BULLETIN**

### **Week Beginning Monday 20th November 2023**

#### **SWC – All About Higher Education Event**

This is SWC's first ever online "All About Higher Education" event.

Are you the parent or guardian of a child considering their options after A-levels or completing their UCAS application?

Are you curious about their options after secondary school and not sure if university is right for them? If so, then this event is just for you!

The event is also suitable for school leavers 17+ to explore their options.

This unique event will provide the opportunity for parents, guardians and young people to have a personal video or voice call appointment with a member of the Higher Education curriculum team at South West College.

Register now – limited places available > <https://pulse.ly/1x0999wwz0>

#### **Work Experience Opportunities provided by ScreenWorks**

ScreenWorks programmes are completely free and are for ages 14-19! You can apply directly by visiting [www.intofilm.org/screenworks](http://www.intofilm.org/screenworks)

**visit:** [www.ulster.ac.uk/opensdays](http://www.ulster.ac.uk/opensdays)

## Upcoming Taster Days at CAFRE

Timed with UCAS 2023 and 2024 Applicants in mind, this Taster event will allow pupils to spend a day in the life of a CAFRE student, attending lectures and practicals, meeting lecturers and potential classmates and getting a feel for what degree level study at CAF could be like for them.

## WE-Bridge@UU – Women in Electronics

To support the gender balance within engineering, Ulster University is encouraging more females to study Physics/STEM and explore the electronics sector; the workshop will explore some of these disciplines.

The first workshop is scheduled for

**Sat 25th Nov 10.00am-1.30pm**

Venue: **Ulster University, Belfast Campus, York Street, Belfast**

Refreshments provided

The workshop is aimed at pupils from Year 8-12 (aged 11-15), but all welcome.

To register for this free workshop, please see attached QR code to scan or web link.

## LJMU: Nursing, Midwifery, Paramedic Science and Pharmacy Admissions Update

**Date:** Friday 15 December

**Time:** 12 noon – 12:30pm, plus Q&A.

**Registration:** Complete this short link to register or to receive a recording of this live webinar: <https://r1.dotdigital-pages.com/p/2SCX-GXI/ljmu-admissions-update>

## Nuffield Research Placements

The NRP programme provides engaging, hands-on research projects, where Year 12 students have the opportunity to make a meaningful contribution towards the work of a host organisation through a well-supervised but independent research collaboration relating to an area of science, quantitative social science, computing, technology, engineering or maths (or a combination!).

Students can apply via the button below but please make sure you've checked your eligibility requirements

**[Check eligibility requirements here](#)**

Which placement?

Students can participate in Research Placements or Experiences. Both offer a rewarding experience for enthusiastic and curious young people.

### Nuffield Research Placements

Nuffield Research Placements (NRPs) are 2-week collaborations with a STEM-related knowledge expert on a live research question or area of development. While producing a scientific or technical report and poster, this opportunity ensures that students contribute meaningfully to the host organisation's current work.

### Nuffield Experience Placements

Nuffield Experience Placements (NEPs) are 5-day explorations with industry experts to identify essential skills needed for employment in STEM sectors. While producing a workbook and reflective report, students gain insight into working in professional environments as well as knowledge of the challenges for different sectors, in turn preparing them for employment.
