

## **Enniskillen Royal Grammar School – CEIAG BULLETIN**

### **Week Beginning Monday 8<sup>th</sup> April 2024**

#### **CAFRE Open Days from Tuesday 9<sup>th</sup> April to Saturday 13<sup>th</sup> April**

The link for booking onto a Campus Tour is <https://www.cafre.ac.uk/events/course-open-days-april-2024/>

#### **Transport Training Services – Apprenticeships Open Day – Wednesday 17<sup>th</sup> April**

Transport Training Services (TTS) is the largest provider of apprenticeships to the automotive, transport and logistics sectors in NI and has partnerships with employers throughout the country. They are holding an Open Day for anyone interested in an apprenticeship in the automotive, transport or logistics sectors. The event will take place on **Wednesday 17<sup>th</sup> April between 4PM and 8PM** at their purpose-built training facility in Nutts Corner.

Information about the event and the registration form can be found on their website at: <https://www.transporttraining.org/open-day/>

#### **Years 12 & 13**

Engineering Development Trust are delighted to let you know that they are now accepting applications for their extremely popular Virtual Insight into University course. *This course is a comprehensive virtual experience allowing students to explore STEM studies at university and the career opportunities that these subjects can lead to. It will also give students access to information on student life, STEM projects and activities set by leading UK universities and global STEM companies, first year undergraduate lectures, live interactive sessions with academics, admissions tutors, employers and current students.*

The course will run during the period **1<sup>st</sup> July – 23<sup>rd</sup> August 2024** and can be completed flexibility to fit around other commitments. On completion of the course which involves 30hrs of study, students will receive a **Silver Industrial Cadets Award**.

\*There is a fee of £95 to access this course but they do have **bursaries available for eligible students eg. Those who are in receipt of Free School Meals, EMA etc.** so please do apply if you are interested!

#### **TEDI-LONDON: The Engineering & Design Institute**

TEDI- London is an exciting institution, with the backing and support of well-renowned partners Arizona State University, King's College London & UNSW Sydney. At TEDI-London students will experience a different kind of engineering education that takes a project-based, interdisciplinary, global design approach. TEDI-London is unique, in that it seeks to attract students from a diverse range of backgrounds and subject areas and not just those traditionally aligned to engineering. The institute currently offers a BEng & MEng Hons degree in **Global Design Engineering** where students will learn across a range of engineering disciplines including mechanical, electrical and electronic, civil, environmental, product design and more.

Applications for the programmes are made through UCAS, with typical entry requirements of 112-120 UCAS points. The programmes are open to students who are not studying mathematics and physics as subjects, as TEDI-London can offer a 'Maths Refresher' – a free, online platform designed to help teach and assess mathematics skills applicable to design engineering.

Further information on TEDI- London can be found on their website: [www.tedi-london.ac.uk](http://www.tedi-london.ac.uk) but should you have any queries please contact their NI Student Recruitment contact Fiona McGonagle at: [fiona@erandm.co.uk](mailto:fiona@erandm.co.uk).

### ATU – Alternative Pathways

For students who are worried about points and how to get their dream profession - ATU have set up an [Alternative Pathways in ATU Sligo Webpage](#) to highlight some of the pathways available to students in ATU Sligo. On this page they have explained routes to careers in:

**Physiotherapy - Radiography - Occupational Therapy - Speech and Language Therapy - Dietetics - PE Teaching - Primary School Teaching - Psychology - Journalism - Various Teaching Careers**

### Sentinus Research Academy 2024 – Applications Open

The poster features the Sentinus logo at the top left, which consists of a stylized white hexagon with a central dot, followed by the word "Sentinus" in a bold, white sans-serif font. Below the logo, the text "Science Technology Engineering Mathematics" is written in a smaller, lighter font. To the right of the logo is a square QR code. The background of the poster is dark blue with a bokeh effect of red and white light spots. The text is white and yellow.

**Sentinus**  
**Research Academy**  
**2024**

The Sentinus Research Academy gives students in Years 13 & 14 the opportunity to experience real online research projects provided by local universities, companies and organisations.

- opportunity to contribute to live research projects;
- supports development of skills and subject knowledge;
- significantly enhances UCAS application and personal statement;
- helps develop communication skills and increased confidence;
- high quality experience of research in a wide range of subject areas.

Applications are welcome from all students studying appropriate subjects at AS or A2 level, or equivalent. Early application is advised as there are limited places in certain subjects.

For further information or to register for a place on the Academy please scan the QR code above or visit:

[www.sentinus.co.uk/programmes/sentinus-research-academy/](http://www.sentinus.co.uk/programmes/sentinus-research-academy/)

Sentinus, 19A Ballinderry Road, Lisburn, Co Antrim, BT28 2SL
