NI Water – Upcoming Work Experience Opportunities

NI Water are excited to announce the launch of their new Work Experience Programme, designed specifically for students aged 15-19. This initiative aims to give young people a deeper understanding of the world of water, while highlighting the diverse career opportunities available at their multi-award-winning organisation. They are doing things a bit different going forward and can no longer accept individual work experience opportunities but they believe their new programme provides an exciting deep dive into the many exciting opportunities available across NI Water. In partnership with ‘Speakers for Schools’, the UK’s leading social mobility charity, NIW have three fantastic work experience opportunities coming up –

- **Science** (scheduled for 11th – 13th November 2024)
- **Engineering** (scheduled to take place February 2025)
- **Finance** (scheduled to take place June 2025)

To apply* for this exciting opportunity, please visit the following link: [results | Speakers for Schools](#) (*limited spaces apply)

Rangers Soccer Academy – BSc Sport and Fitness Degree

Rangers Soccer Academy are delighted to be going into year 4 of our exciting and innovative BSC (Hons) Sport & Fitness degree programme in partnership with UCS Sport. This programme currently sees over 50 students undertake academic studies whilst having direct work experience within Rangers Football Club across a variety of disciplines, as well as being privy to monthly industry masterclasses lead by Rangers staff with this all being reinforced by the utilization of our Facilities at Ibrox Stadium and the Rangers Training Centre.

The uniqueness of this programme is the blended model, which see's students' study online with set face to face weeks of teaching in Glasgow across the Academic Year however due to Rangers Soccer Academy having its own Northern Ireland programme students are still gaining access to vital work placement and work experience within a professional environment.

The [Careers Occupational Information Unit](#) from the [DfE Careers Service](#), in conjunction with DfE Economic Social Inclusion Branch, has published **Spotlight on Young Women in STEM**, the latest in a series of subject-based career guides.

Five Young Women share their STEM stories - The publication invites you to meet five impressive young women who are breaking barriers in the world of STEM. In this guide, they share their unique experiences and perspectives with you – from the highs, to the challenges they have faced along the way (and how they overcame them!).

The guide showcases the many benefits of choosing STEM subjects and pursuing STEM career pathways. It also contains information on entry routes; words of wisdom and useful advice to help young women on their STEM journeys; as well as interesting facts about STEM careers; and resources to help with further research.
