MARCH 5TH

STEM OPPORTUNITIES
WEDNESDAY 5 MARCH 13:00 - 14:00

EXPLORE STEM OPPORTUNITIES WITH THE BRITISH ARMY

We will be exploring the exciting STEM opportunities available with the British Army. We'll cover the Defence STEM Undergraduate Sponsorship, which offers up to £42,750 in support for your studies. This event is part of our celebration of National Careers Week and International Women's Day, highlighting the vital contributions of women in STEM. Don't miss this chance to learn how you can maximize your degree, see the world, and lead in innovative fields.

Year 13 - Build UK - Open Doors Initiative

Are you interested in studying Structural, Architectural or Civil Engineering, Sustainable Building, or any other aspect of the Construction Industry?

To help showcase the Construction Industry in Northern Ireland, developers are opening their sites in locations across NI to invite school groups in for a tour and informative session on what it's like to work within the construction industry.

Tracey Brothers are hosting an event here in Enniskillen and I have reserved 10 places for this visit.

Event information - Drumgarrow Village, Coa Road, Enniskillen.

Thursday 20th March

11am – 1pm

<https://opendoors.construction/sites/drumgarrow-village/>

If you would like to attend, please give your name to Mrs Magee asap

NI Water – Upcoming Work Experience Opportunities

NI Water are excited to announce the launch of their new Work Experience Programme, designed specifically for students aged 15-19. This initiative aims to give young people a deeper understanding of the world of water, while highlighting the diverse career opportunities available at their multi-award-winning organisation. They are doing things a bit different going forward and can no longer accept individual work experience opportunities but they believe their new programme provides an exciting deep dive into the many exciting opportunities available across NI Water. In partnership with '**Speakers for Schools**', the UK's leading social mobility charity, NIW have three fantastic work experience opportunities coming up –

The poster features a group of diverse young people standing together at the top. Below them is the NI Water logo with the tagline 'Delivering what matters'. The main heading is 'DIVE INTO EXCITING CAREER PATHS' in large blue letters, followed by 'in partnership with leading social mobility charity' and the 'Speakers for Schools' logo. A paragraph states: 'We are delighted to launch **Engineering** work experience for students aged 16-19, where aspiring engineers will;'. A bulleted list follows: 'Discover how NI Water safely delivers 605 million litres of drinking water and treats 362 million litres of wastewater through 43,000 km of infrastructure every day', 'Collaborate in interactive breakout sessions to tackle real-world water challenges', 'Hear about the fascinating career paths of NI Water engineering professionals', and 'Receive job application and interview skills tips for success'. A box on the left provides event details: 'DATE: 24TH - 26TH FEBRUARY 2025', 'TIME: 9.30AM - 2.30PM', and 'FORMAT: HYBRID SESSION*'. Below this is a call to action: 'DO YOU KNOW A STUDENT INTERESTED IN ENGINEERING? IF SO, WHY NOT ENCOURAGE THEM TO APPLY BY COMPLETING THE APPLICATION FORM [HERE](#)**'. A circular inset on the right shows three young people in NI Water high-visibility vests and hard hats. At the bottom left, it says '*THE SESSIONS ON THE 24TH AND 25TH WILL BE VIRTUAL SESSIONS ON GOOGLE CLASSROOM, WHILE THE SESSION ON THE 26TH WILL BE IN-PERSON AT NI WATER'S WESTLAND HEADQUARTERS, BELFAST.' and '** LIMITED SPACES APPLY'. A final line at the bottom reads 'INTERESTED IN OTHER OPPORTUNITIES WITH NI WATER? KEEP AN EYE OUT FOR WORK EXPERIENCE SESSIONS IN **ENVIRONMENTAL SCIENCE** COMING UP IN JUNE AND NOVEMBER 2025.'
