

Enniskillen Royal Grammar School – CEIAG BULLETIN

Week Beginning Monday 1st December 2025

Aspiring Professionals Programme for Year 13s

Are you interested in Banking & Finance, Law, Digital or Business. There are lots of opportunities in these sectors in particular, including **residential work experiences with employers like J.P Morgan Chase, Freshfields & PA Consulting**, and some of our law residential partners are particularly keen to support students from Northern Ireland!

 **Students have until Friday 12th December 12 noon to apply!**

The poster is for the 'Aspiring Professionals Programme' by the Social Mobility Foundation. It features a QR code with the text 'Apply Here!' above it. Below the QR code is the text 'Your ideal career: TOGETHER, WE CAN MAKE IT HAPPEN'. In the center is a video player showing a woman playing pool, with a quote overlay: 'Seriously, this opportunity elevated my life. It's life changing. I never had any idea that I'd get into Linklaters through those connections. This is my net. I can't believe it.' Below the video player is a pink button that says 'APPLY NOW'. At the bottom, there is a dark blue box with the text 'Apply to our 5-Year Programme to unlock...' and four columns of benefits: 'University & Degree Apprenticeship support', 'A professional mentor', 'Skills session to support you now and through uni', and 'Work experience opportunities & support'. At the very bottom, it says 'Applications open until Friday, 12th December @ 12PM!'.

December Channel Talent Sessions - University of Glasgow

These remote, interactive sessions are a great opportunity for students to explore areas of interest in preparation for university and can be a great addition to a personal statement.

The two sessions will take place on the 2nd of December at 16:00 – 16:45 and the 10th of December at 13:00 – 13:35. The first session will cover water and carbon cycles and be led by Dr Wenxin Zhang from our school of Geographical and Earth Sciences at the University of Glasgow. The second will cover sociological research methods in education and will also be hosted by one of our academics at the University of Glasgow. These events are therefore perfect for any students looking to study Geography, Earth Science, Sociology, Teaching and other related subjects at university. You can find more info and instructions on how to sign up for these events at the following links:

<https://www.channeltalent.co.uk/event/geography-environmental-science-water-carbon-cycles-global-management-strategies-university-tutorial-2/>

<https://www.channeltalent.co.uk/event/sociology-education-sociological-research-methods-in-education/>

These events have been popular in the past with students looking to study at the University of Glasgow.

Engineering Virtual Work Experience – Applications Now Open

Secondary school students are invited to take part in this online work experience. The STEPS Programme, Engineers Ireland together with Springpod have created this bespoke experience for secondary school students. Students can register anytime from 15th September 2025 to 18th January 2026 and complete the virtual work experience in their own time. This is entirely free and open to ALL students aged 13 and over on the island of Ireland. This online work experience will focus on various disciplines of engineering and features interviews with Irish engineers who speak about their careers and how they got interested in engineering. The experience will give an overview of engineering and then focus on mechanical, chemical, electrical and civil engineering disciplines.

The University of Glasgow | Staff and Student led Undergraduate Information Sessions

Staff led sessions will be run by members of the UK recruitment team and will give you the opportunity to ask questions about specific degree programmes, study abroad opportunities, our 4-year flexible degree structure, and what the city of Glasgow has to offer.

These sessions will be taking place at **16:00-17:00** on the:

- 3rd of December 2025

Sign up via website: [University of Glasgow - Explore - Visit us - Undergraduate events - Meet us online - Information Sessions - UG Applicant Info Sessions \(UK and Ireland\)](#)

Student led sessions are your doorway into student life at the University of Glasgow. The amazing student panel will be online to talk about the student experience and what made them choose to do their undergraduate degree in Glasgow. These sessions will be aided by a member of staff and will be taking place at:

- **18:00-19:00**, 8th of December 2025

Sign up via website: [University of Glasgow - Explore - Visit us - Undergraduate events - Meet us online - Information Sessions - Student-led Information Sessions](#)

University of Aberdeen Undergraduate Virtual Open Day

The University of Aberdeen is holding an Undergraduate Virtual Open Day on Tuesday 9th December, and we'd love to extend the invite to your school and its students.

Whether pupils are thinking about applying to study with us, looking for information about our range of programmes, or exploring our accommodation options, our expert staff will be on hand on the day to answer any questions you may have.

Attendees can also enjoy live presentations, watch virtual tours, and chat with our current students, to get an insight into what it's really like to live and study in Aberdeen.

We're looking forward to welcoming you to the event!

Listed below is the link to find out more about the event and for registration. [Undergraduate Virtual Open Day | Study Here | The University of Aberdeen](#)

Allied Healthcare Work Experience: Paediatric Pathways

I am delighted to extend an invitation to your students in years 11-14 for our upcoming Allied Healthcare Virtual Work Experience session on Sunday 7th December, 9am - 5pm, focusing on Paediatric Pathways in:-

Nursing
Midwifery
Paramedicine
Physiotherapy
Occupational Therapy
Dietetics
Radiography
Prosthetics and Orthotics
Speech and Language Therapy
Pharmacy

As the UCAS deadline for NHS Health Careers is in January, the sooner students begin work experience, the better. During the work experience day, students will follow 2 patients from their initial presentation to recovery. They will gain a unique insight into how patients interact with a variety of healthcare professionals and what it's like to work in an NHS multidisciplinary team.

Students can register individually at any time throughout the 6-month programme using the link below. We recommend booking early to gain as much out of this programme as possible. Places are £10 a session to cover administrative and technological costs.

-  **Date:** Thursday, 11th December 2025
-  **Location:** Enniskillen Royal Grammar School
-  **Time:** 4:00pm – 6:00pm (Registration from 3:45pm)
-  **Age Group:** 14+
-  **Cost:** £10 (normally £200!)
-  **Register Here:** [Registration Link](#)

By completing this course, you will receive:

-  A **certificate of completion**
-  The opportunity to **volunteer with CORE Kids**
-  **Volunteer hours signed off**
-  Valuable **hands-on experience**

This is a fantastic addition to your CV if you are considering a career in **teaching, youth work, sports coaching**, or any profession involving children.

To register, please complete the form below:

 [Registration Form Link](#) Once your form is submitted, you will receive further details via email.

UNIQ 2026 – Oxford’s Flagship Access Programme Opens in December!

[UNIQ](#), the University of Oxford’s flagship undergraduate access programme, will be back for 2026 with applications opening Monday 15th December. UNIQ is the University of Oxford’s access programme for UK state school students in their first year of further education. They prioritise places for students with good grades from backgrounds that are underrepresented at Oxford and other universities. Every year more students from diverse backgrounds get offered places at Oxford with help from UNIQ. **UNIQ is completely FREE, and offers over a thousand UK state school students in year 13:**

- An exclusive chance to join us at one of our regional events
- A five-day/four-night summer academic residential in Oxford, giving a taster of college and academic life
- Sustained support for those considering applying to Oxford in 2026
- An opportunity to explore subjects that interest them and to experience studying in a university setting
- A chance to get to know current Oxford students and academics and find out if Oxford can help them shape their future
- Extensive and expert support with the Oxford admissions process
- An opportunity to make new friends from across the country

Each year more than a quarter of UNIQ participants who go on to apply to Oxford get offered a place. This is significantly higher than the University's average offer rate of about one fifth of all applicants. Programme feedback since 2010 clearly shows that UNIQ has an extremely positive effect on participants and their futures, whether they go on to study at Oxford or not.

Applications for UNIQ 2026 open Monday 15th December and close midday on Tuesday 13th January. All applications are made online through a short form which is quick and easy to complete. They accept participants based on their academic attainment alongside their socioeconomic background and educational opportunities. Oxford is strongly committed to diversity and equality and the UNIQ programme plays an important part in diversifying our student body. They are very keen to encourage more students from Northern Ireland to apply to UNIQ - so sign up to their [UNIQ newsletter](#) for more information and reminders when applications open. In the meantime, please visit the [UNIQ website](#) for further details including application criteria, and don't hesitate to contact them at uniq@admin.ox.ac.uk should you have any questions.
