### Oxbridge Applicants

On Monday 23rd and Tuesday 24th February, Holly from Brasenose College in Oxford will be running online evening supercurricular webinars for you with some of their current student ambassadors. They understand that it can be difficult to know where to start when thinking about making a competitive application to university, so these sessions aim to introduce a range of educational activities beyond the curriculum that could act as inspiration for your own subject exploration. They will talk about how you can integrate these into your weekly routines without it becoming overwhelming, and how you could critically engage with the activities you take part in. Current students will share what they found particularly useful in their Lower Sixth, and there'll be time for a Q&A at the end.

**Please sign-up using the links below.** This will be useful to all Year 13 students aiming to make competitive university applications. If you are unsure which session could be most relevant to you, please email Holly at [outreach@bnc.ox.ac.uk](mailto:outreach@bnc.ox.ac.uk).
